

## Nigel's Webspace – Sale 3 – January 2021

I have decided to part with my collection of football cards, stickers and other memorabilia. I expect the final prices to be reasonable, and would like to think that some buyers will purchase many items from me, saving on postage costs. I hope that many collectors will benefit from being able to get hard-to-find items to add to your collections.

Please remember that the items are currently located in Australia, so if you buy from overseas then it will take two or more weeks for your items to arrive. Postage prices from Australia are generally reasonable. I will use postal tracking for valuable items, and insurance will be available upon request.

### How it works:

1. The items listed will be 'on sale' for a set period. Sales will be concluded at the end of the period. The 'Indicative price' is just that, I will be happy to negotiate.
2. Let me know which items you might be interested in via email ([cards@littleoak.com.au](mailto:cards@littleoak.com.au)) or private message through the Nigel's Webspace Facebook page (<https://www.facebook.com/NigelsWebspace/>). I will send you further details and scans to show condition.
3. If more than one person is interested in an item by the End of Sale date I will ask for best and final offers at the end of the period.

This sale ends **January 27, 2021**
